The filing receipt lists the wrong date of the parent application from which priority is claimed and the wrong serial number. It lists June 6 as the priority date, when it should be June 7. It lists the parent application number as 09/876,861 when it should be 09/876,862. A copy of the filing receipt of the present application is enclosed, as well as the filing receipt for the parent application to show the correct serial numbers.

The filing receipt for the present application number

09/970,394 identifies the parent application as "a CIP of

of 09/876,862 06/07/2001."
